

NORTH CENTRAL REGION

AAHOA Member-owned hotels represent a significant part of the U.S. economy. To quantify these important impacts, AAHOA engaged Oxford Economics, an international leader in global forecasting and quantitative analysis, to conduct a comprehensive economic impact analysis on the national level and for each state in the U.S. Here are some of the impressive findings from the North Central Region.

OWNERSHIP OVERVIEW

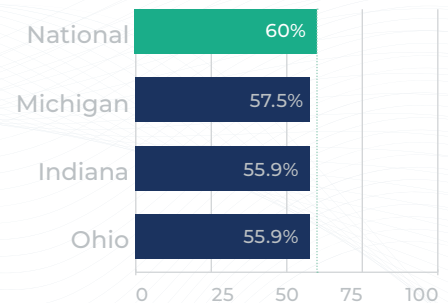

2,473

Hotels

191,242

Hotel rooms

Percent of Hotel Ownership

LABOR & JOB IMPACTS

216,085
